Declaration:

I agree to comply with the rules and policies of Grŵp Llandrillo Menai.

I agree to pay all fees as they become due, and to the release of information concerning my progress, achievement and attendance to my Sponsor, Training Provider or Employer where I am released from work to attend the course as appropriate and to my parent/guardian if I am under 18 on the first day of my learning programme. I confirm that I remain liable for the full fee if I withdraw early from a course where a fee is payable. I agree that should I fail to pay all fees and charges as they fall due, I will become liable for all administration costs incurred by Grŵp Llandrillo Menai in recovering my debt. Should my sponsor/employer not pay my fees as agreed, I will be liable to pay these fees as they become due. Grŵp Llandrillo Menai uses the data on this form to assess student learning needs and will send some of the information it holds about you to the Welsh Government and other approved users which may include academic researchers, public and commercial bodies. Such personal data is treated in confidence and will not be disclosed to any third party except where the college is required to do so by law or to plan support. For a full copy of the Grŵp Llandrillo Menai privacy notice please see the Grŵp Llandrillo Menai website www.gllm.ac.uk

The learning programme you are about to enrol on is funded either directly by the Welsh Government (WG) or part funded via the European Social Fund (ESF) approved operations (through the Welsh Government).

Your participation in the programme is dependent on you providing personal data. The legal basis we rely on to process your personal data is article 6(1)(e) of the General Data Protection Regulation. This allows us to meet our legal duties and administer and monitor the funding we provide. Where you provide special category information, such as ethnicity, this will be processed with your consent. A full list of special category data can be found in Part Two/Full Version of the privacy notice.

The Welsh Government will be the data controller for the personal information you provide.

If your programme is ESF funded, you will be asked by your learning provider to supply additional evidence such as a passport, recent payslip or qualification certificate. A copy of this evidence will be kept by your learning provider for ESF audit purposes, and a sample of learner evidence across providers will be sent to the Welsh Government.

What will the Welsh Government use your information for?

The Welsh Government uses your data for funding, planning and policy development as well as monitoring learner outcomes (such as achievement of qualifications, learner progress and destinations).

Additionally, your data will be used in official statistics and research about post-16 learning, including how health and individual circumstances affect the educational outcomes of learners in Wales. Our official statistics reports give an overall picture of learners in Wales, what they study, their achievements and their destinations after they leave learning. They include, for example, information on patterns in learners' gender, ages, and the qualifications, subjects and levels they are studying. Individual learners cannot be identified in these publications.

Research organisations will also use post-16 learner data to evaluate Welsh education policies and programmes. As part of these evaluations, they may also conduct optional learner surveys, which will assess the impact of a programme on the individual learner as well as contribute to future Welsh Government policy development; for example, establishing how much apprentices are paid, which then contributes to developing a national minimum wage policy.

In order for the Welsh Government to evaluate the impact of its programmes on certain groups of learners, we will link your data with other educational records we hold, such as the Pupil Level Annual Schools Census, Welsh Examinations Database and Higher Education Statistics Authority. We use this linked data to help us understand the progress and outcomes of learners in Wales, to inform our research, performance measures and statistical publications. We may also share this linked data with researchers and with our partners, including Estyn and Qualifications Wales, to help them carry out their own data analysis to inform inspections and reviews. Individual learners cannot be identified in the linked data we share with our partners.

Your rights and choices under the General Data Protection Regulation (GDPR) include:

- access to the personal data the Welsh Government holds on you
- requiring the Welsh Government to rectify inaccuracies in that data
- objecting to processing on grounds relating to your particular situation (in some circumstances)
- restricting processing (in some circumstances)
- having your data erased (in certain circumstances)
- lodging a complaint with the Information Commissioner's office (ICO) who is the independent regulator for data protection

How long will the Welsh Government keep your information?

Data Type	Data Retention Period	Data Uses
Further Education and Adult Community Learning	Your data will be deleted after 10 years	This enables the Welsh Government to analyse funding and create reports over a period of time. These reports can be used to help
Work Based Learning	Your data will be deleted 10 years after the end of the contract period	inform policy decisions or to forecast future funding. Where learning is ESF funded, data is kept so that it can be checked and audited. The timescales for keeping data are decided by the European Union.

Your data will be kept for a longer period for statistical and research purposes.
